QUOTES FROM VIP GUESTS

"I believe this event will show how our industry can overcome the crisis and challenges we have faced in the past 2 years (the Covid-19 pandemic). It is an extraordinary event that covers 4 largest and most important sectors in Indonesia... The presence of key industry players from both Indonesia and overseas within this event will again provide solutions to support Indonesia's big plans in the future..."

Mayjen Pol (Purn) Drs. H. Sidarto Danusubroto, S.H - Indonesia Presidential Council

HYBRID SEMINAR HIGHLIGHTS

DAY 1 - Wednesday, 14 September 2022

1. Energy Forum: Indonesia Energy Transition; Update and Opportunity

Sponsors: Daya Kobelco, Pembangunan Jawa-Bali | Supporting Partners: Majalah TAMBANG, ASPERMIGAS, PJCI, ASPINDO

2. Engineering Forum: Designing Public Housing Resilience Through The Application of Environmentally Friendly Regulations and Technology

Sponsor: Daya Kobelco | Supporting Partner: ICAN

DAY 2 - Thursday, 15 September 2022

1. Energy Talk: Potential of Solar Cell for Photovoltaic Industry in Indonesia to Fulfill NDC 2030

Sponsor: Elsewedy Electric Indonesia | Supporting Partner: PJCI

2. BIM Talk: BIM Updates & Outlook 2022

Supporting Partner: Archilantis

3. Mining Talk: Low Calorie Coal Mining Strategy and Innovation to Maintain Business Sustainability

Sponsor: SUNWARD | Supporting Partner: Majalah TAMBANG

4. Infrastructure Talk: Building Information Modelling According to ISO 19650 and Launch of BIM 19650-4:2022

Supporting Partner: Archilantis

DAY 3 - Friday, 16 September 2022

1. OGI TECH-TALK: Indonesia's Next Big Step Towards Net Zero Oil and Gas Industry; The Impact of Emission Reduction and Carbon Tax Initiatives

Sponsors: PT. PERTAMINA (Persero), PT. Radiant Utama Interinsco Tbk., KSB Indonesia | Supporting Partner: ASPERMIGAS

2. Construction Talk: Infrastructure Development of New Capital City (IKN) Nusantara – The Stakeholders

Sponsor: PT. Panca Traktor Indonesia | Supporting Partner: GAPENSI

3. Mining Talk: China Heavy Equipment Movement in Indonesia

Sponsor: SUNWARD | Supporting Partner: Majalah TAMBANG

4. Construction Talk: Readiness of Construction Workforce and Supply Chain for The New Capital City (IKN) Nusantara

Sponsor: ALTRAK 1978 | Supporting Partner: GAPENSI

TESTIMONIAL

"We have participated in Electric and Power Indonesia exhibition several times before. We are gladly surprised to have a busy traffic at the event compared to other shows we joined before. Hopefully we can join in EPI 2023!"

PT KMI Wire & Cable Tbk

SPECIAL SEMINARS

- **Asosiasi Jasa Pertambangan Indonesia (ASPINDO)**

The Indonesian Mining Services Association (ASPINDO-IMSA) is an independent non-political and non-profit organisation under the auspices of the Indonesian Chamber of Commerce and Industry (KADIN Indonesia). ASPINDO is committed to uphold and carry out its activities in accordance with the rules of protecting work safety and security, protecting the environment, sustainable development, using natural resources wisely and protecting the public interest and/or parties related to it.

ASPINDO disseminated ideas and best practices on sustainability topics in the mining sectors, as well as hosting a VIP group tour during the show to discuss the issue of Biodiesel B40 as part of mining industry commitment to promote a sustainable environment.

- **CIDB Malaysia**

Indonesia Construction Market Outlook (ICMO) is a construction business collaboration & matching hosted by Construction Industry Development Board (CIDB) Malaysia. Together with BAPPENAS, BKPM and other Indonesian related ministries and associations, the gathering created a platform for investors and key industry players from major state owned construction companies and banking & financing agencies to tap into various infrastructure and construction projects in Indonesia.

- **Korea Electric Power Corporation (KEPCO)**

Hosted together with PLN, a technology multifunctional seminar was held within IEE Series 2022. This seminar provides a platform for latest information exchange, technology transfer, project presentation as well as business networking session for electricity and power industry players.

- **Asosiasi Penambang Nikel Indonesia (APNI)**

This seminar outlined elements which support digital transformation accomplishment in nickel mining industry, highlighting the importance of modern technology, and skills needed by industry players to welcome this transformation. This platform is expected to provide significant benefits & strong foundation in digital technology based mining industry implementation.

HACKATHON

Energy Efficiency - Smart Mobility - Decarbonization - Energy Access

**NEW
ENERGY
NEXUS**
hackathon

Clean energy innovation is changing the way the world works – changes that could unlock trillions of economic developments, create more jobs, and empower millions of people with access to clean and affordable energy.

But to ensure the benefits of 100% clean energy reach 100% of people worldwide, we need a more diverse and growing range of clean energy innovators. And there's no time to waste.

STUDENT VISIT PROGRAMME

As part of the community development programme, we invited 8 universities & vocational schools to visit the show and give them the opportunity to get in touch with key industry players and gain more knowledge onsite.

Number of Participants: 318

Institutions Participated : 8

- Universitas Indonesia - Metallurgical Engineering
- Universitas Pembangunan Nasional "Veteran" Jakarta - Faculty of Engineering
- Universitas Pertahanan R.I - Civil Engineering
- Universitas Atma Jaya - Faculty of Engineering
- SMK Teknik 10 Nopember - Light Vehicle Engineering
- SMKN 29 Jakarta - Electrical Avionics & Electrical Industry
- SMK Adi Sanggoro Bogor - Mining Geology
- SMKN 54 Jakarta - Light Vehicle Engineering & Computer Network Engineering

QUOTES FROM VIP GUESTS

"The execution of IEE Series 2022 as the largest joint exhibition in Southeast Asia is in line with the government's focus on balancing problems and solutions for energy use in Indonesia. The government hopes that IEE Series 2022 can facilitate the technology in optimising the energy utilisation system in Indonesia, especially to achieve energy transition targets while simultaneously revitalising the Indonesian economy through the provision of competitive energy."

Basilio Dias Araujo - Deputy for Maritime Sovereignty & Energy Coordinating Ministry for Maritime Affairs and Investment

TESTIMONIAL

"We've been joining the event for 3 years in a row, and we're happy with the response to our products from the buyers. We'll join the exhibition next year too!"

Catur Adi Yasa

SUSTAINABILITY WITHIN IEE SERIES 2022

Here's how Pamerindo Indonesia implemented the UN Sustainable Development Goals within IEE Series 2022

- Event contents cover various sustainability topic/theme/activity in the Mining, Construction and Electric & Power industry
- Partnering with various NGOs/associations/communities to echo the sustainability topic before and during the show
- Supporting Benih Baik to fund clean water & sanitation system to communities in Central Java
- Running environmentally responsible show (enhance energy efficiency & waste management planning)
- Energy & Resources Efficiency
- The Application of Digital to Reduce Waste
- Local Community Development
- Put Forward Personal Health & Well Being

TESTIMONIAL

"Joining this exhibition was one of our marketing efforts to introduce PT. PLP Indonesia to the electricity industry players. It was a good platform for us to meet the key players in the electricity industry. We hope to see the show grow in the following years"

PT. PLP Indonesia
