INDIA MINING WEEK

सत्यमेव जयते
GOVERNMENT OF INDIA
MINISTRY OF COAL | MINISTRY OF MINES

24 - 26 February 2027 | Yashobhoomi Convention Centre, New Delhi

SHRI NARENDRA MODI
Hon'ble Prime Minister

SHRI G. KISHAN REDDY
Hon'ble Union Minister
of Coal & Mines
Government of India

SHRI SATISH CHANDRA DUBEY
Hon'ble Minister
of State for Coal & Mines
Government of India

SUSTAINABLE MINING | RESOURCE SECURITY | TECHNOLOGY & INNOVATION | INDUSTRIAL GROWTH | CRITICAL MINERALS

STRONGER RESOURCES. SMARTER MINING. SUSTAINABLE TOMORROW.

CONNECT • COLLABORATE • TRANSFORM

ABOUT INDIA MINING WEEK 2027

India Mining Week 2027 stands as India's Largest Mining Summit, serving as the definitive gathering of government leaders, policymakers, mining companies, investors, technology innovators, equipment manufacturers, and industry stakeholders from around the world. The event provides a unique platform to discuss policy, innovation, sustainability, and investment opportunities while fostering strategic partnerships that will shape the future of mining, minerals, and resource development.

As India accelerates investments in infrastructure, manufacturing, energy security, and critical minerals, the mining sector is emerging as a key driver of economic development. India Mining Week 2027 will provide a dynamic platform for knowledge exchange, business networking, technology showcase, policy dialogue, and investment opportunities across the entire mining value chain.

Featuring a high-level conference, international exhibition, technical sessions, and strategic networking opportunities, the event aims to foster partnerships, showcase innovation, and support the development of a modern, efficient, and sustainable mining ecosystem while strengthening India's position as a global mining and resource development hub.

EXHIBITION OVERVIEW

The exhibition at India Mining Week 2027 will showcase the latest advancements in mining, minerals, equipment, technology, automation, safety, sustainability, and resource development. Bringing together leading mining companies, equipment manufacturers, technology providers, government agencies, and industry innovators, the exhibition will serve as a dynamic platform for business networking, technology demonstrations, product launches, and strategic partnerships.

Designed to connect the entire mining value chain under one roof, the exhibition will highlight emerging trends, innovative solutions, and future-ready technologies that are shaping the next generation of the mining industry.

EXHIBITOR PROFILE

India Mining Week 2027 will bring together leading organizations from across the mining, minerals, technology, equipment, engineering, and allied industries, including:

MINING & RESOURCE COMPANIES

- Coal Mining Companies
- Mineral Exploration Companies
- Metal & Mineral Producers
- Critical Minerals Developers
- Open-Pit & Underground Mining Operators

MINING EQUIPMENT & MACHINERY

- Mining Equipment Manufacturers
- Drilling & Blasting Equipment Providers
- Excavation & Earthmoving Machinery
- Tunnelling Equipment Manufacturers
- Material Handling & Conveying Systems
- Crushing, Screening & Mineral Processing Equipment

COAL & MINERAL PROCESSING

- Coal Preparation & Beneficiation Plants
- Mineral Processing Technologies
- Ore Handling & Processing Solutions
- Washing, Screening & Separation Technologies

SMART MINING & DIGITAL TECHNOLOGIES

- Intelligent Mining Solutions
- Mine Automation Systems
- AI & Data Analytics Providers
- Digital Mine Technologies
- IoT, Sensors & Remote Monitoring Systems
- Mining Software & Digital Platforms

MINE SAFETY, SECURITY & EMERGENCY RESPONSE

- Mine Safety Equipment Manufacturers
- Monitoring & Surveillance Systems
- Emergency Response Technologies
- Risk Management Solutions
- Occupational Health & Safety Providers

ELECTROMECHANICAL & POWER SOLUTIONS

- Electrical Equipment Manufacturers
- Power Generation & Distribution Companies
- Electromechanical System Providers
- Industrial Automation Solutions

ENGINEERING, SERVICES & INFRASTRUCTURE

- Mining Engineering Consultants
- EPC & Turnkey Project Companies
- Mine Development Contractors
- Technical Service Providers
- Logistics & Transportation Companies

EXPLORATION & SURVEY TECHNOLOGIES

- Geological Survey Equipment
- Exploration Technology Providers
- Geospatial & GIS Solutions
- Drones & Remote Sensing Technologies
- Surveying Instruments & Equipment

SUSTAINABILITY & NEW ENERGY

- Green Mining Technologies
- Renewable Energy Solutions for Mines
- Water Management Systems
- Environmental Monitoring Solutions
- Carbon Reduction & Sustainability Technologies

RESEARCH, INNOVATION & INDUSTRY ASSOCIATIONS

- Research Institutions & Universities
- Innovation & Technology Centres
- Industry Associations
- Government Agencies & Public Sector Enterprises
- Startups & Emerging Technology Companies

VISITOR PROFILE

India Mining Week 2027 will attract a diverse audience of industry professionals and decision-makers from across the mining and minerals value chain. Visitors will include senior executives from mining and mineral companies, coal producers, public sector enterprises, government officials, policymakers, mine owners, project developers, equipment procurement heads, engineers, consultants, EPC contractors, technology providers, investors, financial institutions, research organizations, academia, and industry associations. The event will also welcome professionals involved in exploration, mine development, mineral processing, automation, safety, sustainability, logistics, and resource management, making it a comprehensive platform for business networking, knowledge exchange, and industry collaboration.

WHY VISIT?

- Discover the latest mining technologies, equipment, and innovations
- Evaluate products and solutions from leading global manufacturers
- Identify new suppliers, partners, and business opportunities
- Gain insights into industry trends, policies, and best practices
- Explore automation, digitalization, and sustainable mining solutions
- Network with industry leaders, policymakers, and decision-makers
- Attend technical sessions, product demonstrations, and expert discussions
- Source equipment and solutions to enhance operational efficiency

INDIA MINING WEEK 2027 AT A GLANCE

- 25,000+ Industry Professionals & Decision Makers
- 700+ Exhibitors & Technology Providers
- 200+ Eminent Speakers & Industry Experts
- 100+ Conference Sessions & Technical Presentations
- 50+ Countries Represented
- 100+ Government & PSU Delegates
- 300+ Mining & Mineral Companies
- Dedicated B2B Meetings & Networking Zones
- Technology Demonstrations & Product Launches
- Critical Minerals, Coal, Metals & Mining Innovation Focus

CONFERENCE THEMES & STRATEGIC FOCUS AREAS

Coal Mining

Critical Minerals & Resource Development

Mine Automation & Digital Transformation

Artificial Intelligence & Smart Mining

Exploration & Geological Technologies

Mine Safety & Risk Management

Sustainable & Green Mining

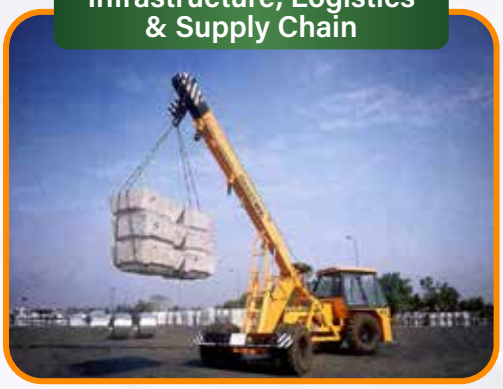

Mineral Processing & Beneficiation

CONFERENCE THEMES & STRATEGIC FOCUS AREAS

Infrastructure, Logistics & Supply Chain

Policy, Investment & Regulatory Reforms

Future of Mining & Emerging Technologies

Mining Equipment & Heavy Machinery

Coal gasification

Mine closure

Investment opportunities

Strategic Mineral Trading

SPEAKER PROFILE

India Mining Week 2027 will feature an eminent lineup of policymakers, government officials, mining industry leaders, CEOs, technology innovators, researchers, investors, sustainability experts, and international thought leaders who are shaping the future of mining, minerals, critical resources, and industrial development. The conference will also welcome distinguished speakers from leading global mining companies, international mining associations, technology providers, equipment manufacturers, research institutions, and consulting organizations, offering valuable insights into global best practices, emerging technologies, sustainability initiatives, investment trends, and the evolving landscape of the international mining industry.

DELEGATE PROFILE

India Mining Week 2027 will bring together senior decision-makers and industry professionals from across the global mining and minerals ecosystem, including government officials, policymakers, mining and coal company executives, mineral exploration firms, public sector undertakings, equipment manufacturers, EPC contractors, technology providers, consultants, investors, financial institutions, research organizations, academia, industry associations, and international delegations. As a premier industry platform, the event will provide unparalleled opportunities for knowledge exchange, business networking, strategic partnerships, investment discussions, and collaboration, while offering valuable insights into emerging trends, technological advancements, sustainability initiatives, and the future direction of the mining sector.

SPONSORSHIP OPPORTUNITIES

India Mining Week 2027 offers a range of exclusive sponsorship opportunities for organizations seeking to enhance brand visibility, demonstrate industry leadership, and engage directly with key stakeholders across the mining and minerals value chain. As one of India's premier mining industry platforms, the event provides sponsors with unparalleled access to policymakers, government officials, mining companies, investors, technology providers, equipment manufacturers, and international delegates. Sponsorship packages are strategically designed to maximize brand exposure, thought leadership, networking, and business development opportunities before, during, and after the event, enabling organizations to strengthen market presence, generate high-value leads, and position themselves at the forefront of the industry's transformation.

BRANDING BENEFITS

- High-Visibility Brand Positioning Across the Event
- Direct Access to Industry Leaders & Decision Makers
- Engagement with Government Officials & Policymakers
- Enhanced Corporate Reputation & Market Positioning
- Exhibition & Product Showcase Advantages
- B2B Networking & Business Matchmaking
- Opportunity to Launch New Products, Technologies & Solutions
- Lead Generation & Business Development Opportunities
- Media Coverage & Public Relations Visibility
- Access to International Delegations & Global Stakeholders
- Premium Onsite & Digital Brand Exposure
- Association with India's Premier Mining & Minerals Platform
- Thought Leadership & Speaking Opportunities
- Strategic Partnerships Across the Mining Value Chain

DELEGATE REGISTRATION

DOMESTIC REGISTRATION

INR 25,000+18% GST

INTERNATIONAL REGISTRATION

USD 450+18% GST

FOR STUDENT REGISTRATION

(Valid Student ID Required)

INR 500

FOR ACADEMY/INSTITUTIONS

INR 10,000

EXHIBITION REGISTRATION

DOMESTIC REGISTRATION

Raw Space

INR 25,000 PER SQM.

Provides the flexibility to build and design your own stand.

Shell Space

INR 27,500 PER SQM.

Includes all stand service facilities, a selection of display items, furniture, and electrical sockets.

INTERNATIONAL REGISTRATION

Raw Space

USD 400 PER SQM.

Provides the flexibility to build and design your own stand.

Shell Space

USD 450 PER SQM.

Includes all stand service facilities, a selection of display items, furniture, and electrical sockets.

PARTICIPATION OBJECTIVES

- Highlight indigenous manufacturing capabilities in mining equipment, machinery, and advanced technologies
- Showcase emerging startups and innovative technologies driving mining sector
- Demonstrate the mining sector's contribution towards building an Aatmanirbhar Bharat
- Common platform for B2B, B2G engagement
- Strengthen Existing Business Relationships and Industry Networks
- Identify New Business Opportunities and Strategic Partnerships
- Showcase Products, Services, Technologies, and Innovations
- Launch New Products and Advanced Mining Solutions
- Gain Insights into Emerging Market Trends and Industry Developments
- Connect with Government Officials, Policymakers, and Key Decision-Makers
- Explore Investment, Procurement, and Business Expansion Opportunities
- Engage with Potential Customers, Partners, and Channel Networks
- Exchange Knowledge, Best Practices, and Industry Experiences
- Discover Emerging Technologies Driving the Future of Mining
- Benchmark Against Industry Leaders and Competitors
- Attract Talent and Build Connections with Industry Professionals
- Promote Brand Visibility Across the Mining and Minerals Ecosystem
- Foster Collaboration Across the Mining Value Chain

120 YEARS OF SERVICE TO MINERAL FRATERNITY

About MGMI

MGMI-120 Years of Service to the Mineral Industry

Mining-Geological & Metallurgical Institute of India (MGMI) has completed an extraordinary journey of 120 years of professional service to India's mineral and energy industries. Recognised as the oldest professional institute of its kind in Asia, MGMI has, since its inception, remained committed to advancing the knowledge, practice and application of geology, mining and metallurgy and to supporting the sustainable development of the country's mineral resources.

Over the decades, MGMI has evolved into a multidisciplinary professional forum bringing together mining and geological professionals, metallurgists, technocrats, planners and policymakers, industry leaders, academicians, researchers and students. Its membership today represents a broad spectrum of the mineral-based industries and the wider minerals and energy ecosystem.

MGMI has played an important role in shaping professional discourse on the Indian mineral sector. Even before Independence, the Government of India sought the Institute's views on a wide range of matters, from safety measures in underground mines to taxation issues affecting small-scale mining. This tradition of professional engagement and providing informed perspectives on matters concerning the mineral industry continued in the post-Independence era.

Over its 120-year journey, MGMI has remained a vibrant platform for knowledge exchange, professional development and industry collaboration through technical lectures, seminars, conferences, workshops, study tours and publications, including its Transactions and News Journal. Its flagship Asian Mining Congress (AMC) and International Mining Exhibition (IME) have further established MGMI as an important international platform for the mining and mineral community, bringing together industry, government, academia, technology providers and policyrmakers.

informa markets

About informa markets

Informa is a leading international events, digital services, and academic research group, connecting businesses and professionals with the knowledge, insights, and opportunities they need to succeed. Through a diverse portfolio of world-renowned brands, exhibitions, conferences, digital platforms, and research services, Informa enables industries and specialist markets to learn more, know more, and do more.

With a strong global presence across multiple sectors, Informa organizes some of the world's most influential trade shows, industry conferences, and business networking platforms, bringing together decision-makers, innovators, policymakers, and industry leaders from around the globe.

Listed on the London Stock Exchange and a constituent of the FTSE 100 Index, Informa employs over 14,000 professionals across 30 countries, delivering world-class events and knowledge-driven solutions that support business growth, innovation, and international collaboration.
